Unlock France

Helping you set up and grow in France

Expanding your business in France

New market

Expanding into new international markets can be challenging due to the many issues to consider and resolve. France is experiencing its strongest economic growth in years and offers many new opportunities.

Our “Unlock France” service aims to provide you with the necessary keys to open doors and assist you in each step your business takes.

International expansion is an important step in any company’s development. With our dedicated international teams taking the time to understand your business and customise the specific services you require, we can minimise any risk and maximise the potential a new market offers your business.

We can show you that the benefits of developing in France will soon outweigh any concerns you may have.

Our advisers can help you at every stage of your company’s growth cycle: from starting-up, choosing the legal form of your entity, raising venture funding, structuring and restructuring your business, or acquiring or merging with another company.

Whether France is a step in your company’s overall development or a base to expand from internationally, Grant Thornton France offers you advice and assistance on the numerous questions and issues when doing business in the country.

Why choose France?

POWER

France is at the heart of Europe, offering a gateway to the rest of the region.

This unique location is a great asset for all organisations which aim to expand their business to European and international markets.

Thanks to its history, its culture, and the diversity of its landscapes, France attracts over 80 million tourists per year.

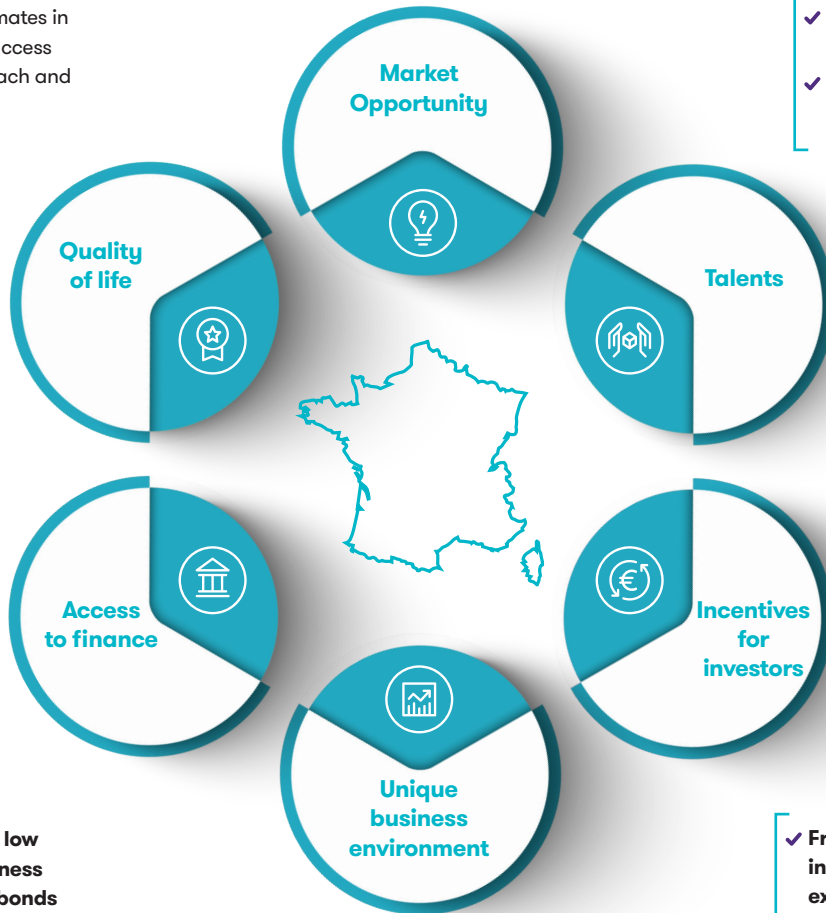

The country has a unique and rich business environment where significant foreign investments are made each year in industries as varied as energy and fashion, agriculture, food and design, technology and real estate, or pharmaceutical and leisure.

Comparative attractiveness has grown considerably for France which is now one of the leading and most attractive European countries.
